

Serial No. 10/627,568

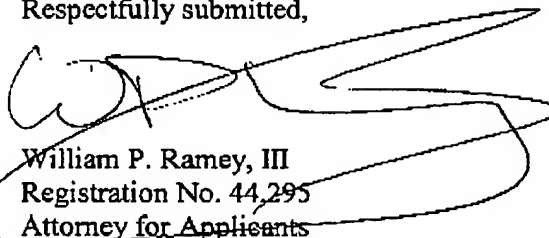

REMARKS

The Notice of Non-Complaint Amendment of January 11, 2006 has been received and reviewed. Applicants are complying with the Notice and have included a marked-up copy of first paragraph on page 31 of the specification. However, Applicants respectfully assert that the amendment filed on October 28, 2005 was in compliance with 37 CFR §1.121. Applicants specifically submitted a replacement paragraph for the first paragraph on page 31. Section 1.121(b)(1)(iii) and (iv) specifically state that added paragraphs are not to be shown with underlining and deleted paragraphs are not to be shown with strike-through. Applicants had specifically requested that the first paragraph on page 31 be replaced, *i.e.*, deleted and a new paragraph added. Applicants' amendment of October 28, 2005 did not amend the first paragraph on page 31. Accordingly, Applicants' amendment was in compliance. However, to further prosecution of the case, Applicants have submitted an amended first paragraph on page 31 of the specification and respectfully request reconsideration of the Notice.

CONCLUSION

Applicants respectfully request reconsideration of the Notice. Applicants invite the Examiner to contact the undersigned attorney to facilitate allowance of the case.

Respectfully submitted,
